OVERVIEW

Justin is a trial lawyer who represents plaintiffs and defendants in construction, energy, commercial, and business disputes in state and federal court as well as arbitration. He has defended and prosecuted breach of contract claims, construction defect claims, energy torts, partnership disputes, product liability claims, business torts, and a variety of other claims. Justin's significant second-chair trial and arbitration experience—particularly at the state court level across Texas—allows him to effectively steer clients through the complex litigation process.

Prior to joining the firm, Justin was an associate at a litigation boutique in Houston, where he handled commercial, construction, and product liability litigation matters for a range of Texas-based companies.
